The natural origin of the leather doesn't guarantee the grain and the colour.
L'origine naturale del pellame non garantisce la costanza della grana e delle tonalità delle tinte.

Pelli vitellone fiore di provenienza europea, conciate al cromo e rifinite a seconda le richieste del cliente.
Sono possibili molteplici tecniche, sia di stampa che di serigrafia.

L'impiego di moderni macchinari e/o di lavorazioni eseguite a mano
permettono di realizzare dei pellami con effetti unici.

Misura media mq. 1,6/2,0 Spessore mm. 1,1/1,3
